# BTS CON - Federal Reserve Bank of

## Atlanta: Business Technology & Security.

• Kick start your - tasting voyage as the BTS can  
tech show and obtain all 15 stamps from 15 tables

### How are you using AI?

Team Fiser - 2 yrs integrating AI.

Unique language model. trained, processed, made sure that  
data was kept safe. Protect data.

- started w/ small group. How are you using this tool?
- what data it's accepting. Core data;
- Tool can be used to

- Start playing around ai.

- How can ai help me w/ day to day work?

- Knowledge articles.

- Use the AI to listen, take notes,

the call is summarized by AI.

- Eliminate the needs to take notes.

- voice bot - can answer question

- How to reduce the amount of time
- set boundaries, rest your mind, take vacation
- everyone needs support.

Business - evaluate approach of what they do every day.  
Be able to explain to a 10 yrs old.

2025  
Federal  
Service  
Announcement

meta released their will  
LLM this week. 05/01/2025

How we expand tools, and leverage AI)

- Fireser monitors emails. was trained their model in Spanish & French.
- create time to learn something new.
- guide rails. don't ask personal questions.

Recommendation - professional tool on your phone

- Microsoft Copilot Productivity Boosters.

Joshua Arnaud.

What is GCC?
